STATE ADMINISTRATION COMMITTEE

February 25, 1975

The meeting of the State Admin.stration Committee was called to order on this date with Chairman Brand presiding. Members absent were Representatives Hemlbrecht, Mercer and Seifert.

SB 62 - Senator Hazelbacker, sponsor, stated that this was a bill to correct an oversight from the last session. He stated that when law passed for the licensing of special investigators, they forgot to put in a law stating where this money would go. He stated that this bill would put it in an earmarked revenue fund.

Ed Carney, Professional Licensing Bureau, was present to answer any questions.

Representative Johnston wanted to know what the total of these licenses was. Mr. Carney stated that they have had 32 applications and the fee is $25 per license. He stated that the amount wasn't anything big, but it did have to be stated where this money would go.

SB 46 - Tom Mulholland, Dept. of Revenue, stated this was merely a bill to allow liquor stores to be open on Mondays to serve the people of various towns. He stated this would only apply to towns that had more than one liquor store. This way they could rotate so that there wouldn't be any overtime on the part of the employees. One could be open on Saturday and one on Monday.

SB 36 - Dean Zinnicker, League of Cities and Towns, stated that this bill was just to take the prosecution costs of state prisoners off Powell County and divide them among the other counties within the State. He stated that the burden has always been put on Powell County because the prison was located there. But, there are prisoners from all over the state and Powell County shouldn't have to bear the costs.

Nick Rotering and Herman Smets were present as proponents to the bill. They stated that the costs of the prison crimes include defense attorneys, juries, sheriffs, etc. These costs are too much for one county to bear by itself.

Representative Kropp asked what the approximate cost to Powell County was. Dean Zinnicker stated that it was approximately $10,000 a year and increasing every year.

Representative Mular asked about the institutions. It was stated by Mr. Smets that the only problem they have had was with Madison County. He stated that eventually the situation would come up in Legislature where something would have to be done for all institutions along these lines, but for now the only problem was with Powell County.

HB 699 - Representative Bardanouve, sponsor, stated that this was a simple bill but probably one of the more important ones of the session.

This was for the different alcoholic programs in Montana. The Governor's office has a drug and alcohol program. In 1976 we project $683,000 is going to be needed for these programs and in 1977 $753,000. Each year these expenses go up. He felt that if we could get both programs under one roof the expenses wouldn't be so great. He felt that the problems are closely related and should be worked on together. He stated that this bill would put the programs under the Department of Institutions instead of health departments and their communities. This way we could obtain federal money that was given to special departments of government. There is a relief program to permit this to be done under the Department of Reorganization. The Reorganizing Act permits the money to be moved. It permits the government to move the money for federal programs.

Representative Lund asked how many drug programs there were. Representative Bardanouve stated that there were three. The Governor's Office, Galen and Warm Springs.

Mr. Rotering stated that something had to be done to help these programs along. He stated that people are taken to one of these three places for help for approximately 1 year. They really don't try until the end of the year. This also costs the state money.

HB 699 - Representative Mular moved that this bill be passed. Representative Kanduch seconded the motion. It passed unanimously.

SB 36 - Representative Johnston moved that this bill be concurred in. Representative Mular seconded the motion. It passed unanimously. Representative Brand will carry this on the House floor.

SB 46 - Representative Hageman moved that this bill be concurred in. Representative Kropp seconded the motion. It passed unanimously. Representative Hageman will carry this on the House floor.

SB 62 - Representative Mular moved that this bill be concurred in. Representative Kanduch seconded the motion. It passed unanimously. Representative Lund will carry this on the House floor.

With no further business, the meeting was adjourned.

Joe Brand, Chairman

The Chairman then called for questions from the committee members. He placed the bill in a subcommittee consisting of Senator George Roskie and himself, and closed the hearing on House Bill 155.

CONSIDERATION OF HOUSE BILL NO. 699: An act to consolidate all functions of state government dealing with addictive diseases in the Department of Institutions.

Representative Bardanouve, sponsor of the bill, explained that it was a result of the frustrations that the House Appropriations Committee had when they tried to work various alcohol and drug programs into the appropriations bill. They found several areas of alcohol programs in the state, all of them well-intentioned and without criticism. The same was true of drug programs. However, there was no coordination among programs, duplication of some of the efforts and, worst of all, lack of cooperation between some of them. Rep. Bardanouve also found that the alcohol program at the state prison had been dropped because of a clash of personalities with someone at Warm Springs. He feels this is a sad commentary on how government works sometimes, and that his bill would provide the necessary centralization to make all these programs work effectively.

Mr. Pat Melby, Governor's office, stated that he supports this bill wholeheartedly, since it is consistent with their philosophy of de-institutionalizing the Department of Institutions. They would like to turn it into more of a human services related department by getting community programs together so that they can support each other. House Bill 699 would also make certain provisions of the executive reorganization act applicable to this act. The executive board would also be able to take action to make sure that federal funds are not taken away from these local programs.

Representative Gary Kimble suggested that, for administrative purposes, the Indian alcoholic and drug abuse programs come under the Indian Coordinator, since it would be easier for him to deal with the Indians. He noted that their programs will fall outside of the scheme of state jurisdiction for promulgation of health regulations, and that the state can't extend its rules and regulations onto Indian reservations anyway. There would seem to be a problem regarding accountability of funds, since in order to receive state monies they must be operating in an approved facility. Rep. Kimble suggested the bill be amended on page 2, section 1, by adding a new subsection (f) to exempt the Indian alcohol and drug abuse programs.

Mr. Larry D'Arcy, Deputy Director of the Department of Institutions, appeared in support of House Bill 699, stating that it was probably one of the better bills that has been introduced this year. He noted there has been much fragmentation among these services.

Representative Bardanouve, in his closing remarks, pre-

sented some corrective, housekeeping amendments to the bill. (See Exhibit D attached.) Chairman Greely asked that Dick Hargesheimer and Pat Melby get together to discuss this bill, and come up with some recommendations to the committee.

CONSIDERATION OF HOUSE JOINT RESOLUTION NO. 57: A joint resolution of the Senate and the House of Representatives of the State of Montana designating the fourth Friday in September of every year as "Native American Indian Day" in the State of Montana and inviting the people of the State of Montana to observe that day with appropriate ceremonies and activities.

Representative Gary Kimble, sponsor of the bill, explained its purpose to the committee. He said that it requests the Secretary of State send copies of this resolution to the Governor, to each county clerk of the state of Montana for posting in a public place, and to each newspaper published in the state for publication therein.

In answer to a question concerning the reason why the particular date was chosen, Rep. Kimble stated that it was felt the day should be celebrated with appropriate activities in the schools. The date was chosen as suitable for this purpose, and not for any historical significance.

A copy of a letter from Senator Mike Mansfield, which stated his support of HJR 57, was submitted for the record. (See Exhibit E attached.)

CONSIDERATION OF HOUSE BILL NO. 527: An act to change references in the state compensation and classification statutes from the department of administration to the Budget Director; and amending certain procedures.

Mr. Pat Melby, Governor's office, explained that this is a housekeeping measure which does not affect the state salary plan or the wage classification act. He pointed out that in 1974 the Budget Division was moved from the Department of Administration to the Governor's office. There were, however, several functions that were not moved with it, but should belong there. The purpose of this bill is to move these functions to the Budget Office.

Mr. Don Judge, Montana State AFL-CIO and AFSCME, stated that labor is in support of House Bill 527. They feel that in some aspects of negotiation you have to know about aspects of budget, so this makes for a more direct link.

DISPOSITION OF BILLS:

HOUSE JOINT RESOLUTION NO. 57: Senator Jergeson made a motion that House Joint Resolution 57 BE CONCURRED IN. The motion carried unanimously.

HOUSE BILL NO. 527: Senator Roskie made a motion that House Bill 527 BE CONCURRED IN. Motion carried unanimously.
